

William Hildyard Church of England Primary and Nursery School

Consultation on School Admissions Policy for 2022/23

The school Governors are undertaking a consultation on a variation to the policies for entry in 2022.

A digital consultation form can be found on our Admissions page of the website.

The consultation will end on 23rd November 2021.

The specific change proposed to the admissions policies for 2022 relates to the admission of children under the faith criteria to account for the period of schools closures. No other changes have been made to these policies aside for the alteration of definition of previously looked after children and for Forces families as required by the School Admissions Code 2021.
